Young Plant
& Prefinished

Hello & Welcome to Galema's Greenhouse

How would you like to purchase quality plants from a wide variety of breeders in low quantities from one supplier?

Then we have the answer for you!

For over 25 years, Galema's Greenhouse has consistently provided quality annual plants to our customers. We are a mid-sized grower.... large enough to have a vast network of plant suppliers, but small enough to understand the needs of small to mid-sized growers.

Why Galema's?

- Low minimums per variety – just 25 for most items
- No order minimums – order what you need
- No boxing requirements – we have several box configurations to match any order
- Tags shipped directly from the grower
- We can usually accommodate last minute changes and at once orders

Place your order with your favorite broker by October 15th to take advantage of a 3% Early Order Discount on rooted liners. Quantities and production space are limited, so don't delay for the best order fulfillment.

We look forward to another year as your plant partner.

Tim and Bev Galema

Begonia - Grandma's Little Angels

Begonia Angel Wing Benigo	26 Strip	F		Small, dark coppery green fluted leaves finely spotted deep pink; pink flowers.
Begonia Angel Wing Fannie Moser	50 Elle	H		Small white flowers that blush the palest pink atop "angel wing" leaves that are sharply ruffled. The foliage color is mostly dark sage-green on the upper side and vibrant cherry red on the underside. Liberally spotted with the signature white speckles, but sometimes taking on an overall ruby blush depending upon the light it receives.
Begonia Angel Wing Frosty	26 Strip	F		Short upright stems hold richly silver dotted pebbly angel wing leaves with rose blush beneath; brilliant red stems; pink tinted flower clusters.
Begonia Angel Wing Lana	50 Elle	H		Green leaves with iridescent white splashes mark the tops and deep burgundy undersides.
Begonia Angel Wing Looking Glass	50 Elle	H		The large silver leaves have a green vein thru them and a beautiful red back. The canes will be fully leaved and produce umbels of pink blooms. This Begonia will be a strong grower.
Begonia Angel Wing Louis Burks	26 Strip	E		Red flowers and forest green leaves dotted with silver spots.
Begonia Angel Wing Miss Mummy	26 Strip	F		This Angel Wing Begonia blooms white flowers. The foliage is a very dark bronze color with a burgundy backing and lots of white spots. It is a tall grower and very easy to grow.
Begonia Angel Wing My Special Angel	50 Elle	H		Shows off grape-like clusters of single, pinky-lavender blossoms that sometimes appear almost translucent- they are so delicate. The foliage though, is dark, medium-green with generous white, round speckles, as opposed to splashes, making this a quite showy and special specimen.
Begonia Angel Wing Richmondensis	26 Strip	E		Salmony-pink blooms and leaves that are green with reddened edges and undersides. The leaves are succulent and oval, with small teeth on their edges and often held a slight fold down the center. Stems and leaf undersides are reddish, and increased light exposure intensifies the red blush all across the plant.
Begonia Angel Wing Sophia	50 Elle	H		Large showy dark maroon foliage is excellent for shade combinations.
Begonia Angel Wing Sunbrite Pink	26 Strip	E		Robust semi cane type that will mature into a very large semi-trailing plant. Huge pink flowers most of the year; super showy and vigorous.
Begonia Angel Wing Sunbrite Red	26 Strip	E		Robust semi cane type that will mature into a very large semi-trailing plant. Huge red flowers most of the year; super showy and vigorous.

Geranium Zonal Specialty *cont.*

	Container	Price Code	Breeder	Details
Zonal Fancy: Platinum	26 Strip	I	Open	Salmon toned single Scarlet bloom arise above the quite odd waffled Pale Milky Green rounded leaves with evenly cut Creamy White margins; wide oddly angular mounding habit.
Zonal Fancy: Red Happy Thoughts	26 Strip	I	Open	Cream centers with Dark Green margins and Red bloom.
Zonal Fancy: Wilhelm Languth	26 Strip	F	Open	Soft Green and White variegated foliage below attractive Red bloom.
Zonal Scented: Chocolate Mint	26 Strip	I	Open	Sometimes the term Chocolate refers more to the color of a plant than the scent of the plant, as in the case of Chocolate Mint Scented Geranium. This plant has a Chocolate-colored vein that runs down the rib of the leaf and fans out into its fingers. The almost Black variegation fades to a rich Green as summer progresses. While this is a great-looking plant with a rich minty fragrance, it does not smell or taste like Chocolate.
Zonal Scented: Citronella	26 Strip	I	Open	Dramatically lobed leaves; strongly scented snowflake foliage often promoted as an insect deterrent.
Zonal Scented: Ginger	26 Strip	I	Open	Softly scented of Spice.
Zonal Scented: Lady Plymouth	26 Strip	I	Open	Large, deeply divided light Grey-Green leaves that are edged in White. The foliage gives off a light Mint-Rose scent. Lady Plymouth produces small clusters of Lavender or Pink flowers in the summer months.
Zonal Scented: Old Fashioned Rose	26 Strip	I	Open	This plant, of medium height, has Gray-Green strongly indented leaves, a nice Rose scent and Lavender flowers. The most important scented pelargonium for the commercial production of Rose-geranium oil, it is also used in jams, jellies, and potpourri. It makes an attractive potted plant as well.
Zonal Scented: Peppermint Rose	26 Strip	I	Open	One of the best all around Scented Geraniums. It is also nice because it doesn't get as large as some of the other scented geraniums which makes it a good size for smaller gardens and large containers; add in occasional light Pink flowers and a Minty-Rose fragrance.
